## Women Making History

In 1919, a year before women had the right to vote, the North Carolina Business & Professional Women's Clubs (BPW/NC) was formed to advocate for working women. Our founders were trailblazers, as are the BPW/NC members of today who reflect the faces of women and diversity across the state. Our members continue to make history — from advocacy on Capitol Hill to grassroots activism in our own state, innovative career developmental programs to the first program focused on supporting women veterans.
